If no answer, call Indianapolis. Dial 1 317 632-6415

OR dial Operator in any emergency

SAY, "I want to report a fire in (Town name)" or "I want a policeman in (Town name)," etc.

IF you cannot stay at the telephone, tell the Operator the exact location where help is needed.

INDIANA STATE LAW CONCERNING USE OF PARTY LINES IN CASE OF EMERGENCY

A Statute enacted by the 1955 Indiana Legislature makes it unlawful to misuse party line telephone service in cases of emergency. An emergency is defined in the law as "a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential." The law, in part, reads as follows:

Section 2. It shall be unlawful for any person using a telephone on a party-line to refuse to yield such party-line, when requested to do so, to any person who wishes to place an emergency call from a telephone on such party-line. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

Section 3. It shall be unlawful for any person to obtain the use of a telephone on a party-line by falsely alleging the existence of an emergency. Any person who violates the provisions of this section shall be guilty of a misdemeanor and upon conviction shall be fined in any sum not exceeding twenty-five dollars to which may be added imprisonment in the county jail for any period not exceeding ten days.

Long Distance Calls

DIRECT DISTANCE DIALING

All telephones except coin can dial station-to-station calls to most places in the United States and Canada. See page 3.

WHEN PLACING CALLS WITH THE OPERATOR

Please tell her:
1. Special instructions, if any (collect, person-to-person, credit card, etc.)
2. Area Code if it is different from the Area Code of the phone you're using.
3. Telephone number you're calling.
4. Your number, when the Operator requests it.

TYPES OF CALLS

STATION-TO-STATION

Rates are lower than person-to-person. You may dial direct (see page 3). Charging begins when you are connected to the telephone number you called.

PERSON-TO-PERSON

Call person-to-person if you want to talk with a particular person, or a particular extension, department or office served by a switchboard. Dial Operator and tell her you want to place a person-to-person call. Charging begins when you are connected with the person, extension, department or office you called. Rates are higher than station-to-station.

COLLECT

Most calls can be made "collect" if the person you are calling agrees to pay the charge. Dial Operator and tell her you want to place a collect call. For station-to-station calls within Indiana, placed collect, an additional 20 cents is charged.

CONFERENCE

You can talk with several people in different places at the same time. Dial Operator and tell her you want to make a conference call.

OVERSEAS

To place calls or to obtain the rates for overseas calls, dial Operator and ask to be connected with the Overseas Operator handling calls to the desired ship or country.

WIDE AREA TELEPHONE SERVICE (inward WATS)

Station-to-station long distance calls may be made, without charge to you, to those subscribers who have inward Wide Area Telephone Service. They offer this service to their customers calling from specific locations. Dial "1", then the Area Code "800", then the special WATS number of the subscriber having this service. There is a special Directory Assistance (Information) bureau for WATS numbers: dial 1, then Area Code 800, then 555-1212.

Direct Distance Dialing

For station-to-station calls from all phones except coin
For other types of long distance calls dial Operator

TO CALL WITHIN AREA 219 (Outside Your Toll-Free Calling Area)

Dial "1," first, then the telephone number. Do not dial the Area Code.

		Access Code		Telephone Number
Example:	*dial*	1	*then*	555-2368

TO CALL OUTSIDE AREA 219

Dial "1," first, then the distant Area Code and Telephone Number.

		Access Code		Area Code		Telephone Number
Example:	*dial*	1	*then*	311	*then*	555-2368

Exception: To call Lafayette, Ind., dial Operator.

TO OBTAIN THE DISTANT AREA CODE

A list of Area Codes for many communities is shown on pages 5 - 6. If the called place is not listed, dial Operator and ask her for the Area Code.

LONG DISTANCE DIRECTORY ASSISTANCE (Information)

You can dial Directory Assistance Operators serving many distant places without charge.

Dial "1," first, then the Area Code (when different from yours), then 555-1212. When the Directory Assistance Operator answers, first give her the city or town, then the name and address you are calling. *Exception—For Calumet Region, Chicago and suburbs, Directory Assistance (Information), dial 411.*

GIVE OPERATOR YOUR NUMBER WHEN SHE ASKS FOR IT

From some phones, a special Operator will ask for your telephone number after you have dialed your call.

IF YOU REACH A WRONG NUMBER

Dial Operator immediately and tell her what happened so you will not be billed for the call.

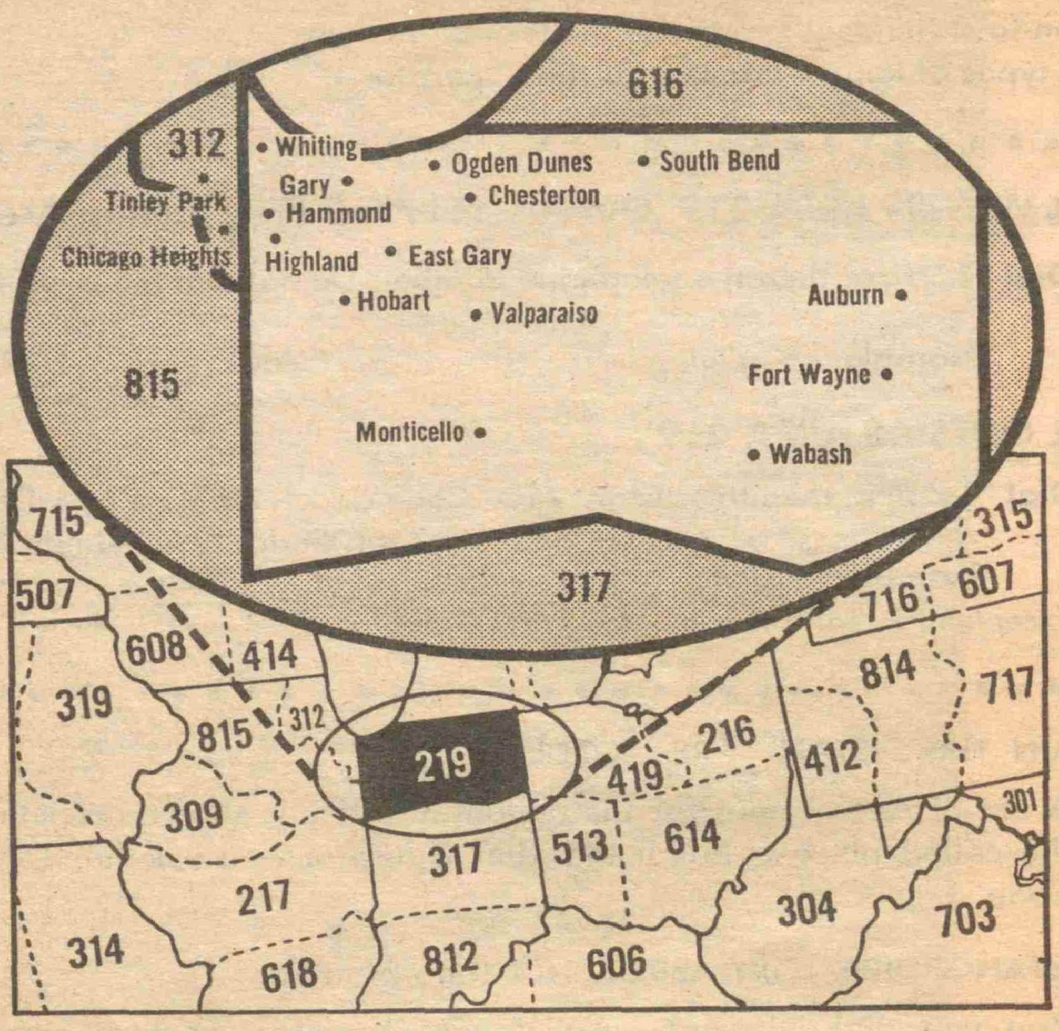
YOU WILL NOT BE CHARGED

- If you hang up before you dial the complete telephone number.
- If the telephone you dial is busy or does not answer.
- If you call Directory Assistance (Information) in a distant city.

IF YOU NEED ASSISTANCE, DIAL OPERATOR

She will be glad to help you.

Area Codes speed your long distance calls



For faster long distance calling the United States and Canada are divided into more than 120 telephone areas, each identified by a three-digit Area Code. Indiana is divided into three numbering plan areas. **Your Area Code is 219** (see map).

Dial "1," first, then the distant Area Code when different from yours. Do not dial the Area Code when it is the same.

Even on calls you must place with the Operator, the Area Code will help you get them through faster. Just give her the Area Code (when different from yours) and the telephone number you want. For example, say "Area Code 311, 555-2368."

A list of Area Codes for many communities is shown on pages 5-6. If you want the Area Code for a place not listed, dial Operator and ask her for the Area Code.

Washington, D.C.	1.20	.85	.65	.60	1.80	1.50

The rate for each additional minute is one-third or less of the initial three-minute rate. Rates in effect June 26, 1969, and do not include tax charges. Time at the calling point governs the application of these rates. On New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas, night and weekend rates apply all day. (On Alaska and Hawaii calls, however, ask your Long Distance Operator for rates.)

**After Midnight rates apply on customer dialed station-to-station calls to points more than 354 miles away, made from business or residence phones (coin phones are excluded).*

South Bend	.45	.40	.40	.90
Terre Haute	.65	.50	.50	1.30

The rate for each additional minute is one-third or less of the initial three-minute rate. Rates in effect June 26, 1969, and do not include tax charges. Time at the calling point governs the application of these rates. On New Year's Day, July 4th, Labor Day, Thanksgiving, and Christmas night rates are in effect and apply all day for all station-to-station calls.

Helpful Information

ANNOYANCE PHONE CALLS

The Telephone Company is concerned about obscene and harassing calls and is trying to stop them. You don't have to talk or listen to such calls - just hang up.

If the calls persist, call your Service Representative at the Telephone Business Office. The Company wants to preserve your right to privacy. We also remind everyone that federal and state laws provide up to six months in prison and $500 in fines for making obscene or harassing calls.

TELEPHONE NUMBER ON STATIONERY

It's smart to make it easy for people to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your Area Code, too —it helps distant parties call you faster. *For example:*

Area Code 311
Telephone 555-2368

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company and have the charges appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call.

DIRECTORIES— FOR OTHER CITIES

Need a directory for some other city you call frequently? Just call your Service Representative at your Telephone Business Office.

EMPLOYEE IDENTIFICATION CARDS

For your protection, any employee who visits customer premises carries an official identification card showing his or her name, photograph and signature. If you have the slightest doubt about anyone who says he's "from the Telephone Company," ask to see his card.

VISIT OUR EMPLOYMENT OFFICE

We are one of the largest employers in the Lake County area, and often have job openings. If you'd like a job that counts, visit our employment office at 416 W. 5th Ave. in Gary. Or, call the office. The number is 886-1461. We're an Equal Opportunity Employer.

FREE FILMS, OTHER PUBLIC PROGRAMS

A wide variety of films, school programs, talk demonstrations, and other public programs are available free to your club, school, church group or other organization from Illinois Bell. To learn more about the programs available, or how to make arrangements for one of them, call our public programs coordinator at Highland. Her number is 944-6131.

RECORDED TELEPHONE CONVERSATIONS *("Beep" tone)*

If you hear a "beep" tone at fifteen-second intervals, your telephone conversation is being recorded by the person you are talking to. This signal is transmitted automatically whenever a recording machine is connected to the line. It is for your protection.

If you do not want a record made of what you are saying, ask the person with whom you're talking to disconnect the recording machine. The "beep" signal will stop when the recorder is disconnected. Use of a recorder without this signal is contrary to Company tariffs and is not permitted.

Telephone services designed for your every need!

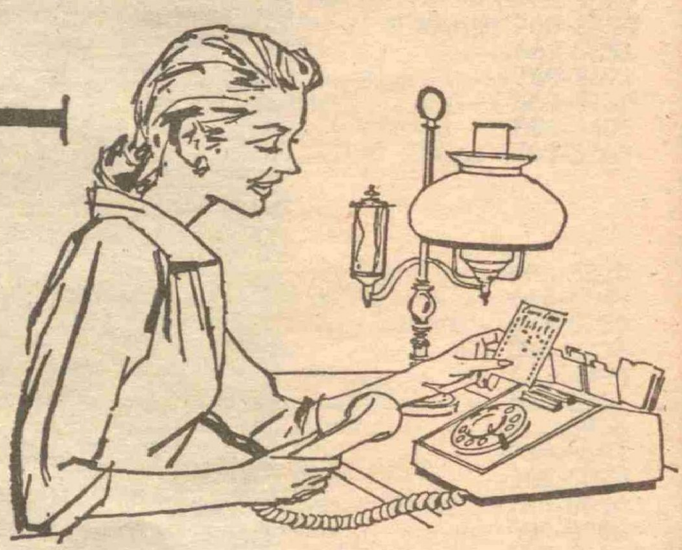
Call your Service Representative at the telephone company business office about the low-cost items on this page.

THE TRIMLINE PHONE

It's specially shaped to hold right in the palm of your hand. You don't use the base to place your calls—the dial is in the handset and lights up when you pick it up. It fits in out-of-the-way wall spaces or can decorate your table or desk in a variety of colors.

SPEAKERPHONE

New "hands free" way to telephone; for business and residence use.



AUTOMATIC CARD DIALER

Dials telephone numbers for you. Insert a pre-punched card, push a button, and your telephone does the rest.

"Really, my extension phone should take the prize."

For saving time, steps and perhaps even an occasional cake from overbaking there's nothing like a kitchen extension. With an extension, you can enjoy the fun and convenience of your telephone and keep an eye on your cooking at the same time.

Extensions are an important convenience in any part of the house where you spend a lot of time. You can choose from three distinctive models in a wide selection of decorator colors. And the monthly cost of an extension phone is low—just pennies a day.

Think about it. A kitchen extension will help you save time, steps, even recipes. Just call your Service Representative at the business office. Or ask your telephone man.

"Does your child know how to dial zero in an emergency?"

We'd like you to think of the Operator as a friend you can turn to in any emergency—when direct help isn't available.

Of course, the Operator can't give you medical advice or tell you how to put out a fire. But when you dial zero and tell the Operator your problem she'll put you in touch with people who can help you.

That's why we think it's a good idea to teach your children — as soon as they are old enough to understand — to dial zero for Operator in an emergency. Teach them to speak directly into the mouthpiece of the receiver in a clear voice so the Operator can hear them. Tell them to give the Operator their name, their telephone number, and their address.

Remind them to stay calm — that help is only as far away as the zero on their telephone dial.

"Dial zero for Operator."

- Provides Greater Softening Capacity
- Saves Salt, Water

How Aqua-Sensor Works. There are two sensors at the bottom of the ion-exchange resin bed. When hard water reaches the upper sensor, the lower sensor is still in soft water. The sensors detect the difference and the unit automatically recharges.

Up, down, Doubleback.

When you're halfway up the stairs . . . and the phone rings downstairs . . . you do the Doubleback.

There's an easy way to put an end to it. Just have extension phones installed wherever you spend your time. The kitchen. The bedroom. The den.

Then life at home isn't one long walk.

Why not call your Illinois Bell business office today? Help make the Doubleback obsolete.

Illinois Bell Telephone
Part of the Nationwide Bell System
